

PROTECTED

They have found a vaccine, Father.

We are protected from this virus.

Even without our awareness,

It may be near us,

but it cannot breach our defences.

It may touch us,

but it cannot hurt us.

It may invade our body,

but we are immune from its influence.

When we attend a clinic,

Allow doctors to inject us with this essence,

We are inoculated,

Protected from the dangers of this virus.

We have a vaccine against evil, too Father.

Even without our awareness,

It may be near us,

but it cannot breach our defences.

It may touch us,

but it cannot hurt us.

It may invade our body,

but we are immune from its influence.

When we come to you,

Allow you to fill us with your Spirit,

We are protected,

Held safe in your care.

*Keep your eye on the healthy soul, scrutinise the straight life;
There's a future in strenuous wholeness. But the wilful will soon
be discarded; insolent souls are on a dead-end street. The
spacious, free life is from GOD, it's also protected and safe.
GOD-strengthened, we're delivered from evil—when we run to
him, he saves us. (Psalm 37: 37–40, MSG)*
